

Technical specifications:	
Voltage	24VDC
No load current	≤0.2A
No load speed	5.8cm/S
Rated load	≤6KG
Motor type	DC Brushed Motor

L=676.33mm
L₁=652.60mm
L₂=573.00mm

Wiring(from left to right):
1 connected to positive pole of power supply
2 connected to negative pole of power supply
3 connected to Signal
